Semi-annual report of the department of Scientific-Technical Information for 2018

In the reporting period, the department carried out the following works:

More than 160 scientific works papers published in local and foreign journals, books, monographs, dissertations of the staff of the Institute of Mathematics and Mechanics in the form of maps were placed in the catalog. Information about 12 dissertations (5 doctoral and 7 candidate) received by the department was placed in the catalog of author's abstracts. During the reporting period, the department carried out certain proof-reading work for the publication in Moscow of the 2nd edition of Z.I. Khalilov's "Fundamentals of functional analysis" (Maharramova Khumar, Agakishiyeva Narmina, Musaeva Tarana).

In accordance with the decision of IMM ANAS from May 18 to 27, 2018, professor Ramiz Aslanov was on a business trip to the Kazan Federal University (Kazan) and in Moscow at the publishing house "URSS". The purpose of the trip was to participate in the "Regional Conference of the International Association of ISATT, the International Forum on Teacher Education IFTE - 2018, the Meeting of the Coordinating Council for Education" Education and Pedagogical Sciences "of the Federal Educational and Methodological Association in Higher Education" which took place from May 18 to 24 2018 on the basis of the Kazan Federal University. During the conference, he participated in various sections at meetings of the Council for the Mathematical and Educational System.

May 19, 2018 he participated in the "Regional Conference of the International Association ISATT" which was held on the basis of the Kazan Federal University. On May 20, 2018 he was at the Yelabuzhin Institute of the KFU (Tatarstan) where he got acquainted with the scientific and technical base and history of the institute, and also met with the director of the Institute, Meson E.Ye. and with the assistant professor of the same institute N.F. Gilmulin. (specialist in the history of mathematics). He was amazed by the modern equipment and laboratory of the institute. This small town with a population of 75,000 people is a city of museums. He took the opportunity to get acquainted with these museums.

On May 21, 2018 he participated in the meeting of the Coordinating Council for Education "Education and Pedagogical Sciences" and the Federal Educational and Methodological Association in Higher Education ", which were held on the basis of the

Kazan Federal University where he met and held a number of meetings with the following scientists: Rector of the Moscow State Pedagogical University, Corresponding Member of the Russian Academy of Education, Professor Lubkov A.V., (Moscow, Russia), Pro-Rector of the Moscow State Pedagogical University, Director of the Institute of Mathematics and Informatics, Professor S.Karakozov. (Moscow, Russia), pro-rector of Moscow State Pedagogical University, Professor Trubina L.A. (Moscow, Russia), head of the department of educational and methodical work of the same institute, associate professor Yegorova E.B. Rector of the Moscow State Pedagogical University, Corresponding Member of the Russian Academy of Education, Professor Lubkov A.V. He expressed his positive opinion on concluding a memorandum with the Institute of Mathematics and Mechanics of ANAS.

After the Coordination Council on May 21, 2018 at 15:30 he met with the head of the Department of Mathematical Analysis of the Kazan Federal University, Corresponding Member of the Academy of Sciences of Tatarstan, Doctor of Physical and Mathematical Sciences, Professor SR Nasirov and took part in the protection of the course works of the Department of Mathematical Analysis . On the same day he presented the book "Predecessors of Modern Mathematics of Azerbaijan" (authors M.D. Mardanov, R.M. Aslanov) in N.I. Lobachevsky scientific library.

On May 22, 2018, he took part in the opening of the plenary session of the forum and on the same day he addressed in the 43 sections of the forum with a report on the theme: "TASKS FOR ARITHMETICS OF AZERBAIJAN SCHOOLS AT THE LATE OF THE XIX CENTURY AND EARLY XX CENTURY" (authors M.D. Mardanov, R. M. Aslanov) (Heads of the section professor of the University of Texas, M.A. Choshanov (USA), head of the department of KFU, prof. L.R. Shakirova (Kazan, Russia) in the program p. 59). A broad discussion was held around the report, noting the relevance of the topic, studying the history of mathematics was deemed necessary. On May 23, 2018, he spoke in Section 5 (Head of Section A.M. Gaifutdinov of State Pedagogical University of Naberezhnye Chelny (Naberezhnye Chelny, Russia), in the program pages 68-69)) with a report "TASKS FOR ARITHMETICS OF AZERBAIJAN SCHOOLS AT THE LATE OF THE XIX CENTURY AND EARLY XX CENTURY" (authors M.D. Mardanov, R.M. Aslanov). A broad discussion was held around the report, noting the relevance of the topic, studying the history of mathematics was deemed necessary. On May 23, 2018, he spoke in Section 5 (Head of Section AM Gaifutdinov State Pedagogical University of Naberezhnye Chelny (Naberezhnye Chelny, Russia), in the program pages 68-69)) with a report "TASKS FOR ARITHMETICS OF AZERBAIJAN SCHOOLS AT THE LATE OF THE XIX CENTURY AND EARLY XX CENTURY" (authors M.D. Mardanov, R.M. Aslanov). The report was adopted and discussed at a very high level.

The report was adopted and discussed at a very high level. The organizing committee of the forum presented him with a certificate on the basis of the report and for the active participation in the conference. On the same day he met with the head of the chair of educational technologies and information systems in philology of the KFU, doctor of pedagogical sciences, Assoc. L.L. Salekhova and together with her discussed their joint work, the results of which will be presented in the form of an article. On May 24-27, 2018, he completed the work on the collection of relevant documents for the delivery of Z.I. Khalilov's book "Fundamentals of Functional Analysis" published in Moscow in the publishing house "URSS" according to the corresponding decision of the Institute of Mathematics and Mechanics of ANAS.

On May 26, 2018 he met with Professor of Moscow State University, Doctor of Physical and Mathematical Sciences N.V. Shamolin and discussed with him some methodological and practical aspects of teaching aids on differential equations. On May 27, 2018 all copies of the book of Z.I. Khalilov "Fundamentals of Functional Analysis" Was delivered from Moscow to Baku at the Institute of Mathematics and Mechanics. According to the decision of the Academic Council of the Institute (Minutes No. 5 of May 29, 2018), a register was drawn up. Book of Z.I. Khalilov "Fundamentals of functional analysis" was donated to libraries and academic mathematicians. At the end of the 2nd edition of Z.I. Khalilov book "Fundamentals of functional analysis" is provides a detailed article "The role of Zaida Ismail oglu Khalilov in the development of mathematical science" about the life and activities of Z.I. Khalilov p. 232- 246.

By the decree of the Presidium of ANAS from February 14, 2018, Professor RM Aslanov was awarded with the prize and the diploma of the Presidium of ANAS for scientific and popular scientific works devoted to effective work on popularization

of scientific knowledge and achievements, including popularization of mathematical sciences.

Listed below are books by R.M. Aslanov were presented at the 38th LIVRE PARIS bookshop, which was held from March 16 to 19, 2018 in Paris (France):

1. Асланов Р.М., Ли О.В., Мурадов Т.Р. Математический анализ (краткий курс)
2. Асланов Р.М., Нижников А.И., Муханова А.А., Муханов С.А., Мурадов Т.Р. Высшая математика (задачник). Книга из 5 частей: Часть V.I

Head of the department Aslanov R.M. was elected a member of the editorial board of the journal "Vestnik Yeletskego State University named after I.A. Bunin". -Series "Pedagogics" (History and theory of mathematical education) (Yelets, Russia).

In the reporting period, he gave a tip to the publication of the textbook "Linear Algebra and Mathematical Analysis" (authors: doct.phys.math.sci.M.D. Sabzaliev, Ph.D., Assoc. prof. Sabzalieva). Head of the department Aslanov took part in the meetings of the Academic Council of the Institute, general institute seminars, and also seminars of the department "Optimal control".

During the reporting period, all the planned works in the department were fully implemented.
