

Hesabat dövründə “AMEA-nın Xəbərləri” (Fizika-texnika və riyaziyyat elmləri seriyası) jurnalının onlayn saytı hazırlanmış (sayt-www.trans.imm.az; e-mail-transactions@imm.az) və indiyə kimi çap olunan məqalələr saytda öz yerini tutmuşdur. Jurnalın bu ilki birinci buraxılışı (35 (1), 2015) iyun ayında çapdan çıxıb, növbəti sayın (35 (2), 2015) ilin sonunda çap olunması üçün hazırlanır.

Jurnalın 35-ci cildinin 1-ci nömrəsində çap edilmiş məqalələr bunlardır.

MATHEMATICS

Absolute Convergence Of Spectral Expansion Of Absolutely Continuous Vector-Function In Eigen Vector-Functions Of Third Order Differential Operator by Yulia G. Abbasova	3 – 9
Application Of The Contour Integral Method To The Solution Of The Problem For An Eq Standard Classification by Nihan A. Aliyev, Ofelya G. Asadova, Nezaket G. Mamedova	10 – 15
Quality Properties Of Solutions Of The Basic Equation Of Perturbation Theory For One-Dimensional Magnetic Schrodinger Operator by Elshad H. Eyvazov	16 – 23
On Solvability Of A Boundary Value Problem For Second Order Operator-Differential Equations In The Space Of Smooth Vector-Functions by Elshad G.Gamidov, Muhammet D. Karaaslan	24 – 30
On Well-Defined Solvability Of A Boundary Value Problem For An Elliptic Differential Equation In Hilbert Space by Gunel M. Gasimova	31 – 36
Boundedness of the multi-sublinear maximal operator with rough kernels on Morrey spaces by Amil A. Hasanov	37 – 41
On A Periodic Type Boundary Value Problem For A Third Order Equation In Hilbert Space by Seadat B. Heydarova	42 – 46
On Asymptotic Behavior Of The Mean Value Of The First Passage Time Of The Level By A Random Walk Described By Autoregression Process Of Order One (AR (1)) by Hilala A. Jafarova, Irada A. Ibadova, Vugar A. Abdurahmanov	47 – 50
First Boundary Value Problem For A Class Of Parabolic Equations With Discontinuous Coefficients, The Basic Coercive Estimation In Sobolev Weight Space by Nazim J. Jafarov	51 – 58
Necessary Optimality Conditions In An Optimal Control Problem With Integro-Differential Equations Equality And Inequality Type Multipoint Functional Restraints by Misir J. Mardanov, Kamil B. Mansimov	59 – 65

(L_p, L_q) boundedness of the fractional maximal operator on the dual of Laguerre hypergroup by Mehriban N. Omarova	66 – 75
Investigation Of The Spectrum And Resolvent Of A Differential Bundle On A Semi-Axis by Elshar G.Orujov, Naila M.Namazova	76 – 80
Integral Limit Theorem For The First Passage Time Of The Level By A Random Walk Described By A Autoregression Process Of Order One (AR (1)) by Feda H. Rahimov, Tarana E. Hashimova, Aynure D. Farkhadova	81 – 86
Riesz Potentials In Spaces Defined By Conditions On Local Oscillations Of Functions by Rahim M. Rzaev, Fuad N. Aliyev	87 – 95
Spectroidal Operators In Banach Space by Nazim G. Vahabov	96 – 105
Connectivity and semigroups of homeomorphic, local homeomorphic and open continuous mappings of topological spaces by Vladimir Sh. Yusufov	106 – 108

MECHANICS

The Verifying Authenticity And Condition Of Applicability Of The Equation Of The State Of Bubble Liquid by Gulshan A. Akhundova	109 – 113
The Influence Of The Initial Stressed On The Dynamics Of The Moving Load Acting On The Hydro-Elastic System Consisting Of The Pre-Stressed Plate, Compressible Viscous Fluid And Rigid Wall by Maftun I. Ismailov, Kamala A. Salmanova	114 – 119
Analysis Of A Finite Span Rectilinear Winglets Influence On Its Induced Drag By The Distributed Vortex Method by Rauf M. Jafarzadeh and Musa Kh. Ilyasov, Javidan N. Huseynli	120 – 126

APPLIED PROBLEMS OF MATHEMATICS AND MECHANICS

Application Of The Finite Difference Method For Solving Stationary One-Dimensional Flow by Gunay F. Gadjieva, Polad F. Gahramonov	127 – 132
On A Boundary Control Problem For A Thin Plate Oscillations Equation by Hamlet F. Kuliyeu, Khayala I. Seyfullayeva	133 – 141
An Optimal Control Problem For The Equations Of Flexural-Torsional Oscillations Of A Bar by Aysel T. Ramazanova, Vera B.Nazarova	142 – 156
On An Optimal Control Of The Coefficients Of An Elliptic Equation With A Quality Criterion On The Boundary Of Domain by Rafiq K. Tagiyev, Rena S. Kasymova
