

# **Отчёт "Известия Азербайджанская Национальная Академия Наук, серия физико-технических и математических наук, выпуск математика" за 2020 год**

Сайт журнала "Известия Азербайджанская Национальная Академия Наук, серия физико-технических и математических наук, выпуск математика" ([sayt-www.trans.imm.az](http://sayt-www.trans.imm.az); e-mail-[transactions@imm.az](mailto:transactions@imm.az)) ежедневно обновляются, на сайт занимают своё место опубликованные статьи, регулярно поддерживая тесные отношения с членами редакционной коллегией журнала по электронной почте организуются серьёзное участие в прочтении и правильном отзыве на публикуемые статьи. В этом году было выпущено два номера журнала (**40 (1), 2020-июнь** и **40 (4), 2020-декабрь**). Оба выпуска были помещены на сайт.

Журнал присоединен к таким международным агентствам как Jurnal Scopus, MathSciNet, Math-Net.Ru.

Регулярно поддерживаются отношения с авторами зарубежных стран, и ведется работа в направлении того, чтобы журнал занял своё место в таких международных агентствах как Thomson Reuters .

### **MATHEMATICS**

[Spanne-type characterization of parabolic fractional integral and its commutators in parabolic generalized Orlicz-Morrey spaces](#) 3 – 15

by Gulnara A. Abasova

[Transformation operators for the Schrodinger equation with a linearly increasing potential](#) 16 – 20

by Khatira E. Abbasova, Agil Kh. Khanmamedov

[An analogue of the Riesz theorem in Hardy-Morrey classes](#) 21 – 27

by Miran I. Aleskerov

[Mixed problem for one-dimensional wave equation with dynamic boundary condition](#) 28 – 40

by Akbar B. Aliev, Samira O. Rustamova

[The Cech homology theory in the category of soft topological spaces](#) 41 – 51

by Cigdem Gunduz Aras, Sebuhi Abdullayev

[Existence of solutions for a resonant problem under Landesman-Lazer type conditions involving more general elliptic operators in divergence form](#) 52 – 65

by Rabil Ayazoglu (Mashiyev), Sidika Sule Sener, Tuba Agirman Aydin

[Fractional maximal operator and its higher order commutators in generalized weighted Morrey spaces on Heisenberg group](#) 66 – 78

by Javanshir V. Azizov
